

ALL TRADE RENTALS is pleased to announce the following training courses now available

- 1) Aerial Work Platform (AWP) Operator Training
 - Self Propelled Elevating Work Platforms (Scissor Lifts)
 - Boom Type Elevating Work Platforms (Boom Lifts)
 - Manually Propelled Elevating Work Platforms (Push Around Lifts)

- 2) Forklift Operator Training
 - Class IV Internal Combustion Counterbalanced Trucks – Cushion/Solid Tires
 - Class V Internal Combustion Counterbalanced Trucks – Pneumatic Tires
 - Class VII Variable Reach Rough Terrain Forklift Trucks (Telehandlers)

The above training courses are available by contacting the office @ 416-798-6600 or by emailing training@alltraderentals.com

Our training program is designed to ensure that the trainees have sufficient knowledge to identify the hazards associated with operating an AWP/Forklift, understand the safe method of operating an AWP/Forklift and the need for this safe method.

AWP Course Content

- Theory session (2-3 hrs)
 - Rules and Regulations
 - Fall Protection Requirements
 - Pre-use Inspections (workplace, visual and function tests)
 - Factors Affecting Stability
 - Rated Work Loads
 - Hazard Identification
 - Emergency/Auxiliary Controls
- Theory test (open book)
- Hands on demonstration of a pre-use inspection
- Practical training – trainee operation of an AWP
- Practical assessment
- Training course evaluation – Pass or Fail

Forklift Course Content

- Theory session (3-4 hrs)
 - Rules and Regulations
 - Stability Principles
 - Info Plates & Load Charts
 - Pre-Operational & Operational Checks
 - Load Weights
 - Safety Alert Symbols
 - Operation & Shutdown
 - Refueling
- Theory test (open book)
- Hands on demonstration of a pre-use inspection
- Practical training – trainee operation of a Forklift
- Practical assessment
- Training course evaluation – Pass or Fail

We recommend the training be performed at our adequately equipped training facilities; however we can offer training on-site or at your location if required.

Soon to be available along with Aerial Work Platform (AWP) and Forklift Operator Training is:

- 1) Working at Heights

We at ALL TRADE are committed to assisting in the elimination of work place accidents and injuries.

REMEMBER - "YOU HAVE A FAMILY TO GO HOME TO AT NIGHT"
